

# **MEDICAL LASER SAFETY UPDATE 2018 - 3 Days** **LSO's 2 Days, Laser Techs 1st Day, Update & Aesthetic Exams 3rd Day**

*Includes NCLC Laser Certifications*

*(at option of attendee, for Medical Laser Safety Officers & Aesthetic Laser Operators)*

*Disney Resort Property  
Buena Vista Palace - Orlando*

**800-342-2704**

**[www.LaserTraining.org](http://www.LaserTraining.org)**

for complete information.  
Online or Telephone Registration.

**Our Annual Laser Safety Update now starts with the regular two day Laser Safety Officer program for the LSO's (including the Certification Exams) and the 1st day for Laser Techs. The 3rd Day incorporates the Laser Updates, plus the Aesthetic Laser Operator Certification Review and exams. If the previously approved "new" ANSI Laser Standards are released by the time of the meeting we'll be going over those changes as well. Attend just the sessions you need. Read the Course Page on the website for more details.**

**Fri-Sun, April 20-22, 2018. Orlando FLorida. Lake Buena Vista at Disney**

Group Room Rate of \$219++, plus \$30 Resort Fee for group rate - see website for details.

\$895 Course Fee 3 days, or 2 day LSO's plus Certification.

\$495 1st Day only - Laser Techs.

\$295 3rd Day only - Laser Updates and Aesthetic Laser Review and Certification

**FOR DETAILS** – On our website look under “Medical/Surgical” and then on the “Annual Medical Laser Safety Update”. Special deals are available for the Aesthetic Online Laser Course for those wanting to take the exam, but still need the hours to qualify. Free online course with registration.

**Dates/Cities for our other 2 Day LSO and Laser Techs courses on back and on website.**

**The Laser Training Institute™**

PROFESSIONAL MEDICAL EDUCATION ASSN, est. 1978

- **A.N.S.I.** - If the "newly approved" ANSI Z136.3 standards are released by the time of this course (they should be) then we'll discuss those changes on the 3rd day. Critical for Aesthetic, Medical & Surgical Laser Safety Officers.
- **Special Presentations on Risks, Hazards & Management of Surgical Plume in the O.R., plus how to read and interpret ANSI Laser Standards, given by Penny Smalley RN**
- Go to [www.LaserTraining.org](http://www.LaserTraining.org) for complete information, under the "Medical/Surgical" programs, and then "Annual Laser Safety Update", including course agenda, details on the free aesthetic course, and NCLC Certifications.
- **FACULTY: - see the website for Curricula Vitae's**  
**Note:** Penny is Vice Chair of the ANSI Committee, and Greg a member.
